Sir,

✓ Adverting to correspondence ending with G O No L 6334-35/ML 31-40-27 dated 25th February 1941 sanctioning the continuance of the temporary appointment of enquiry clerk on Rs 40/- per mensem from 3rd February 1941 up to the end of March 1941, I have the honour to state that on the expiry of the said term the question of continuance of the appointment came up for consideration before the Municipal Council in their meeting held on 31st May 1941 Prior to the meeting I circulated also a note explaining the need for a full time store-keeper and suggesting also how this place could be combined with the Town Hall clerk who was now attending to enquiry work and also the telephone booth The urgent need for appointing separate attenders to be in charge of the Telephone booth was also pressed A copy of the note is enclosed herein for the information of Government The Council after considering the same have approved of the proposal contained in my note, referred to above

2 The proposals in brief are (1) that the Headclerk of the Municipal Engineering section on Rs 50-2-60 who is now really doing duty (wholetime) in the Stores section to be reverted to his legitimate charge as Headclerk of the Engineering section, which is suffering badly for want of a Senior man to look after the work

(2) The post of the present Town Hall clerk who is actually doing 'enquiry work and is in charge of the telephone booth to be

abolished (The pay of this clerk is met from Town Hall funds)

(3) For looking after the Stores section of the Town Hall and the Engineering section a full time Stores clerk on Rs 25-1-40 with a C A of Rs 5 to be appointed This Stores clerk will be in charge of the furniture, flags and buntings etc of the Town Hall and also the Stores of the Municipal Office The Store keeper will be made to give a security deposit of Rs 200 The cost on this account will be met equally by the Town Hall and the Municipality

(4) For attending to the automatic telephone booth two attenders to be appointed on Rs 15/- each who will work in turns The net result of these proposals will be an extra cost of Rs 16/1 on account of the Stores and Rs 30/- on account of the attenders, i e Rs 46/12/- per month in all As against this the Municipal Engineering section which is badly under-manned will have the benefit of the services of the Senior Clerk who is till now otherwise engaged At an extra cost of Rs 46/12/- we will be giving back to the Engineering section, the Headclerk on Rs 50-2-60 The cycle allowance of Rs 5/- now paid to the clerk on Rs 50-2-60 in charge of the Stores will hereafter be paid to the Town Hall clerk and Store-keeper on Rs 25-1-40 the cost being met equally by the Municipality and the Town Hall A proposition statement is also enclosed

3 The budget proposals for the year 1941-42 include provision for these charges and I therefore request sanction of the above, the payment being made with effect from the 1st of July 1941

Dated, 6th May 1941

NOTE

Reference Council's Resolution No 414 dated 31st March 1941 recording the Resolution of the Managing Committee to the effect that an official of the Revenue Section may be posted to work as Enquiry clerk

A statement showing the distribution of work among the Clerks of the Revenue Section has already been circulated among the Members and is enclosed herein for reference. From a close examination of the work of the Section it is seen that even the existing staff is not adequate to meet the requirements of the branch. In view of this fact the withdrawal of one Clerk from out of even existing number might lead to serious dislocation of the work of this important branch of the Municipality and is not therefore desirable. As a matter of fact the Section has no Typist at all and its typing work is being done in the Head Office. We will therefore have to face shortly, the question of strengthening the staff of the Revenue Branch, if the Collection Section should work promptly and if we should pay more prompt attention to our tax-payers.

Regarding the enquiry work, although a clerk on Rs 40 had been sanctioned for this work, it was the Town Hall clerk that was attending to this work. The Town Hall clerk gets a pay of Rs 17 and he is expected to maintain all the accounts of the Town Hall section. As matters stood he was really in the office and he was attending to the telephone booth and enquiry work.

The real stores work of the Town Hall, i.e. accounting of Town Hall chairs, Buntings, Flags and Festoons etc. although it had to be done by the Town Hall clerk, was all along being attended to, by a senior clerk of the Municipal Engineering section. The Municipal Engineering section has large stores, though no Store-accounts with values are maintained and though there is no separate Store-keeper in charge. At present the Head clerk of the section who is drawing a pay of Rs 50-2-60 is looking after the Stores work. The Municipal Public Works stores are kept in three different places, i.e. in the Town Hall, in the Municipal Office and in the Trust Board Stores. Action will be taken to put all these in one place. There has been all along no Store-keeper sanctioned for this work. By deputing the

the Headclerk of this section for stores work, the work of the Municipal Engineering section is suffering and this is not desirable

I think with a view to regularise this, it is better to have a full time Stores Clerk on Rs 25-1-40 with a conveyance allowance of Rs 5/- who will attend both to Town Hall work and Stores work. He may be made to give a deposit of Rs 200. Half the cost of the Store-keeper's salary may be met by the Town Hall and the other half by the Municipality. By doing this, we will be able to send back the Headclerk of the Engineering section to the Engineering section only and thus give back to it, its proper staff. The extra cost on this account will be about Rs 17/- and it is well worth it.

I next come to the Telephone. The removal of the place of the Town Hall clerk will necessitate the appointment of an attender for the telephone. At present no one is actually posted as a telephone clerk and no message book is being kept and our telephone booth has practically become a public booth. It is therefore necessary to have a full time attender sanctioned for the telephone booth.

Under the circumstances, I suggest that two attenders on Rs 15/- be sanctioned for the telephone booth. These attenders will work by shifts. They will take down and transmit messages and will also attend to enquiry work. The net result of the proposals will be an extra cost of Rs 17/- per mensem on account of the Stores work and Rs 30/- per mensem on account of the two attenders. As against this, the Municipal Engineering section which is badly undermanned will have the restoration of the services of the senior clerk, who was till now otherwise engaged, i.e. against an extra cost of Rs 47/- we will be giving back to the Engineering section its Headclerk on Rs 50-2-60 who is now really working elsewhere.

Subject Sanction to the appointment of a Town Hall
Clerk and Store keeper on Rs 25-1-40 + 5 and
two telephone attenders on Rs 15/- each

Sir,

With reference to your letter No L 1052 dated 4th August 194⁴
calling for particulars on certain points in respect of the above,
I have the honour to state as follows

1 What is the pay of the Town Hall clerk? 2 Is the Town
Hall Mutsaddi referred to in the proposition statement the same person
as Town Hall Clerk? As matters stand, the appointment of the official
in charge of the Town Hall goes by the name of Town Hall Mutsaddi. His
pay is Rs 17/- per mensem. On a reference made to Government in Octo-
ber 1938 recommending that the designation of the Mutsaddi borne on
the Town Hall establishment may be changed to that of a clerk, the
Law Secretary in his letter No L 4371 dated 7th November 1939 replied
that Government considered that there was no necessity to change the
designation as proposed. Hence the term Mutsaddi as shown in column
5 of the statement is being continued.

3 If the post of the Town Hall Mutsaddi is abolished then it
will not give any savings to the Municipality as his pay is met from
the Town Hall funds but in the proposition statement it is shown as
savings. At present there is no separate appointment as Store-keeper
to be in charge of the stores. The Head clerk on Rs 50-2-60 of the

Engineering section was deputed to be in charge of the stores - whole time and for want of the Head Clerk the work in the Engineering section was suffering. Some arrangement was necessary to give the Engineering section its Head clerk. It was also thought that such a highly paid official i.e. on Rs 50-2-60 was not quite necessary to be in charge of the stores. Hence the appointment of a combined Town Hall clerk and Store-keeper on Rs 25-1-40 with a conveyance allowance of Rs 5/- was recommended. Half the pay of this official will be borne out of the Town Hall funds.

As already explained in my letter dated 14th June 1941 the new arrangement will cost the Municipality Rs 46-5-4 (figure corrected by the Comptroller against Rs 46-12-0 shown in the letter) while the Engineering section gets back the services of the Head Clerk. The note attached to my letter explains the position.

I therefore request that my proposals re the appointment of a Town Hall clerk and store-keeper and two attenders may kindly be sanctioned.

I have the honour to be,
Sir,
Your most obedient servant,

B. Rasheenda
